

Gillett School District App Launch

The Gillett Elementary and Secondary Schools has released an app that will keep you informed about what is happening in the District and your school. The Gillett School District app is available for iOS™ and Android™ phones.

The app enables parents, students, faculty and coaches the ability to stay connected and informed about what's happening at Gillett School District.

In order for you to communicate with teachers on the app you will need to register and create an account.

1. **Check your email** that you provided to the school.
 - If you need to add or change your email address please call the school to have this information updated: HS Office 920-855-2137, Elem Office 920-855-2119.
 - It will take 24 hours to sync this information
2. **Register an account** for the Gillett School District app
 - Once you received the email from **CMS4SCHOOLS Touch**, follow the prompts to create an account.
 - By registering this will allow for two-way communication with the **Conversation** feature of the app.
 - Teachers will be able to communicate directly to parents.
 - Parents will be able to communicate directly to teachers.
 - Students will be able to communicate directly to teachers.

Please Note: All communication is tracked on the app.

If you have any questions, please call the office at the numbers listed.
